

Instructions for the proper use of the **Arborvitae Arthritis Pain Relief and Health Supplement**

Dear Customer

The *Arborvitae Arthritis Pain Relief and Health Supplement* contains a potent combination of natural substances.

Due to the *powerful* nature of the ingredients and the way they are combined, Arborvitae enters the bloodstream and immediately goes to work in many ways.

Arborvitae:

- Has anti-inflammatory actions
- Has excellent radical scavenger properties and supports the health and function of the immune system
- Helps improve joint mobility associated with mild osteoarthritis
- Relieves symptoms of medically diagnosed osteoarthritis
- Assists with the management of the pain of medically diagnosed osteoarthritis
- Helps reduce joint inflammation associated with mild osteoarthritis
- Provides temporary relief of the pain of mild osteoarthritis
- Has potent antioxidant and anti-inflammatory actions and may support a healthy immune system
- Contains Pycnogenol®, the Maritime Pine Bark extract supported by scientific evidence

The best way to take Arborvitae is as follows:

- A minimum dose of 60ml per day is required
- Upon commencing Arborvitae take 100ml per day: 50ml each morning and evening until your joint pain subsides, then revert back to 60ml per day.

Place your Arborvitae bottles in the fridge after opening and shake well before use on each occasion.

If symptoms persist consult your healthcare practitioner.

We welcome feedback regarding your Arborvitae experience as well as any other benefits you have noticed. We also welcome your comments on our website (www.arborvitae.com.au) and our Facebook page (**Arborvitae Health and Wellbeing**).

Should you require any further information please contact us on **1300 879 863**.
